Narrative Evaluation: Please assess the student teacher's strengths and limitations and the probability of her/him becoming a successful teacher.

Paige is well organized and has a desire to see her students achieve. She is willing to try new teaching methods and even created her own "flipped" classroom lessons. Paige needs to keep striving to remember the little things, i.e. updating the calendar, putting in absent work, but that will come with daily practice. She will make an excellent teacher!
